USISPF helps its member companies engage with federal and state governments on sector-specific policy advocacy, to provide ease of doing business and strengthen the economic and commercial partnership between the two countries.

**BUSINESS POLICY ADVOCACY**

USISPF provides its member companies a platform to work together and to track opportunities at the state and federal level. USISPF also drives deeper collaboration by facilitating introductions between government and businesses, where appropriate.

**B-B-G OPPORTUNITIES**

USISPF leads initiatives to support public-private collaboration between businesses, governments, and other stakeholders, to tackle regional challenges through deeper stakeholder engagement, theme-based research, and on-the-ground, practical knowledge sharing.

**STRATEGIC ENGAGEMENT**

USISPF helps its members work collaboratively with NGO partners. It assists companies in identifying opportunities to aggregate their CSR investment with government, non-profit, and private sector partners, to bridge the gap between corporate initiatives and government priorities.

**LEGISLATIVE AFFAIRS**

USISPF facilitates engagement between its member companies and the legislative branches in both countries through frequent structured dialogues with U.S. Members of Congress and with Members of Parliament in India.

**INCLUSIVE DEVELOPMENT**

USISPF believes education, innovation, and entrepreneurship are engrained in the DNA of both countries. USISPF works with its members and partners to create an environment that promotes unrestricted student mobility, creates a robust IPR framework to support cutting-edge innovation, and offers entrepreneurs in the U.S. and India the ability to access both markets.
